## Hurricane Florence Is a Public Health Emergency, Too

With its hog manure pits, coal waste ponds, and toxic Superfund sites, North Carolina is among the worst places a major cyclone could hit.

U.S. - WEATHER

## Toxic Waste. Animal Manure. Hurricane Florence Could Be a Public Health Disaster

By **JIM EFSTATHIOU JR., SYLVIA CARIGAN AND SHRUTI DATE SINGH / BLOOMBERG** September 11, 2018

(Bloomberg) — Hurricane Florence's potential for destruction also includes increased risks for the environment and public health as torrential rains could overwhelm the pits where toxic waste from power plants is stored. Animal-manure lagoons are also at risk of flooding.
