

Master of Public Health

MPH 6992 Rubric

Background

Because CEPH's [2024 Accreditation Criteria](#) states that, "Students...select foundational and concentration-specific competencies appropriate to the *student's educational and professional goals...*" each student will have a tailored rubric for MPH 6992 based on their Competency Synthesis Plan (Part 2 of the ILE Competency Demonstration Plan completed in MPH 6991).

The Primary Professor will complete the rubric at the end of MPH 6992 for each of their ILE students and submit the rubrics to the ILE Coordinator, Dr. Rashmita Basu (basur19@ecu.edu), via email. These data will be used as part of the department's self-study – the department's self-assessment of compliance with CEPH Accreditation Criteria, which is provided to CEPH as part of the program's reaccreditation process.

Students may receive one of the following scores for each competency in the rubric:

- 1 (i.e., unsatisfactory/poor; did not meet expectations),
- 2 (i.e., unsatisfactory/needs improvement; met some expectations)
- 3 (i.e., satisfactory/good; met expectations), or
- 4 (i.e., satisfactory/exceptional; exceeded expectations)

For each competency, the Primary Advisor will evaluate the quality of the student's performance, noting any difficulties encountered and suggesting improvements that could have enhanced the student's performance.

Final Grade:

S (Satisfactory)	≥15 points
U (Unsatisfactory)	<15 points

Directions: Copy and paste the information you provided in the Competency Synthesis Plan (Part 2 of the ILE Competency Demonstration Plan).

Competency	What ILE tasks will complete to demonstrate the selected competency?	What evidence will support the synthesis of this competency with one or more other selected competencies?
