Noteworthy Mentoring Achievements

CDC Preventing Chronic Disease) Best student paper award

Under my guidance, Fei Gao participated in the 2018 National Student Research Paper Contest sponsored by *Preventing Chronic Disease*. About 150 students competed for the award. His paper entitled “Prevalence of gestational diabetes and health behaviors among women: Findings from the National Health and Nutrition Examination Survey, 2007-2014” got the award (1 of the 2 winners). He is the first ECU MPH student to win this prestigious national award.

Publication Achievement: Lauren (MPH graduate in 2023) published her Propaper in Preventing Chronic Disease. Under my guidance, Lauren Piro published her Propaper “Racial and Ethnic Differences Among Active-Duty Service Members in Use of Mental Health Care and Perceived Mental Health Stigma: Results From the 2018 Health Related Behaviors Survey”. Due to its high impact, the paper was chosen by the editor to be simultaneously published at Medscape.
